

**NATIONAL SEEDS CORPORATION LIMITED**  
**(MATERIAL MANAGEMENT DIVISION)**  
**CORRIGENDUM**

Date: 02.03.2019

Purchase of Certification, Packing and Treatment Material against NIT no. 3227  
(Tender IDs : 22846,22849,22850,22851,22852,22853 & 22854)

**1. Extension in the time period of submission of Bids for NIT no. 3227**

The last date for submission of bids for E-Tenders against NIT no. 3227 for the purchase of Certification and Packing Material to be opened on 06.03.2019 has been extended till **12.03.2019**. The revised details are as under:-

**Last Date and Time for submission of Bids:**                      **Upto 13:00 Hrs. on 12.03.2019**

**Date and Time of Opening of Bids:**                                      **At 14:30 Hrs. on 12.03.2019**

**2. Destination wise Requirement of the Certification and Packing Material**

The tentative destination wise requirement of the Certification and Packing Material to be procured through NIT 3227 is attached as **Annexure 1 (Pages 1-2)**. It may kindly be noted that the quantities of the material shown in the Annexure 1 may be increased, decreased or cancelled in full before the issuance of purchase order as per terms and conditions. In addition to this the bidders offering price bids for 50 % quantity of the material may note that quantity of the respective material at all destinations shall be reduced in half and purchase order will be issued accordingly for the 50 % quantity of each destination to the bidder.

**3. Specifications of the BOPP Bags and HDPE bags**

The following corrigendum in the specifications of the BOPP bags for 10 Kg, 20 Kg, 30 Kg and 40 Kg capacity and the HDPE bags are issued and all the bidders are requested to offer the price bids accordingly:

**Testing shall be carried out by NSC appointed laboratory**

Maximum limit of CaCO<sub>3</sub> allowed is 10% for HDPE and BOPP bags of all capacities. In case test result exceeds CaCO<sub>3</sub> limit of 10 % , the lot is to be accepted

up to 15% Calcium Carbonate content with applying penalty at the rate double by which Calcium Carbonate content is higher than 10. If test result exceeds 15% of Calcium Carbonate content, the lot is to be rejected. In case of more than two incidents of CaCO<sub>3</sub> exceeding 15%, the supplier shall be debarred for 1 year from participating in the future tenders of NSCL.

**Penalty for breaking strength in BOPP bags and HDPE bags:** The penalty on this account shall be operated as the table given below. Separate penalties would be imposed for breaking strength in warp and weft way, as per the penalty level given in table below.

<b>Warp strength (kgf)</b>	<b>Weft Strength (kgf)</b>	<b>Penalty (%)</b>
90.0	80.00	0.0
82.00	76.00	0.5
74.00	73.00	1.0
68.00	67.00	3.0

**Seam strength for BOPP bags and HDPE bags:** The penalty on this account shall be operated as per the table given below:

<b>Bottom seam strength (kgf)</b>	<b>Penalty (%)</b>
35.00	0.0
33.00	0.25
32.00	0.50
30.00	2.00

**All other Terms and Conditions of the Tender will remain same.**
