TERMS AND CONDITION FOR E.O.I. INVITED FOR IRRIGATION WORK IN THE GRAM
CROP DURING RABI 2021

1. The irrigation is primarily for Rabi crops of substituting winter rain (only for gram crop). Suitable machineries such as sprinkler fitted with water measuring device/flow meter will be utilized in this irrigation work.
2. The party has to provide one sprinkler irrigation of 15 mm or as per need on prorata basis. The rate of irrigation will be Rs. 3000/- per hectare per 10 mm of irrigation water.
3. The maximum area to be covered is approx. 450 hectare. The gram irrigation work will be completed by 5th of February, 2021. The work will be allotted on the basis of first come and first serve.
4. The area to be covered under the precision irrigation contract shall be finalized by the farm authority on need basis that is based on irrigation water availability, crop water requirement etc.
5. The number of irrigation required shall be decided by farm for only gram crop, based on crop water need assessment.
6. Payment for the irrigated areas of gram crop may be released after successful completion of work however, 85 % payment of billing amount will be paid after successful completion of work and balance 15 % payment will be released after harvesting of irrigated crop, said 15% payment kept by the farm as security till harvesting of stated crop.
7. The irrigation service provider has to maintain proper irrigation records in the prescribed performa, and submit the reports to farm officer time to time. Two Farm level committee will check the work performance, quantity of water delivered, irrigation related records etc. Farm will ensure proper utilization of irrigation service and have proper check on irrigation works etc.
8. Measurement of irrigation water will be done essentially with water meter installed in the irrigation equipment. The irrigation service provider will have to ensure the fitment of authentic water meter on their machines. To cross check the water meter readings other methods such as grid catchcanes will be used. The irrigation service provider/firm will ensure uniform distribution of water through out the entire area.
9. In case if there is any mismatch in the area of irrigation the Daily Progress Report of the farm will be treated as authentic record.
10. If any mishappening, theft and loss of any implements/workers held during the irrigation contract the irrigation service provider/firm will be solely accountable. No expenses will be beared by the farm in such cases.

Contd...2/-

11. If any discrepancies found in irrigation work, the balance payment will not be released by the farm for which irrigation service provider/firm will be held responsible.
12. In case any dispute arise between NSC and the other party due to any term or matter, both the parties will opt to resolve it through mutual understanding and discussion. In case, dispute remains even after discussions, then it shall be binding upon parties to resolve issue under the provisions of Arbitration and conciliation Act, 1996 as amended from time to time. Under this provision, the Chairman-cum-Managing Director, National Seeds Corporation Limited with the concurrence of both the parties shall appoint Sole Arbitrator to resolve the issue and both the parties have to abide by the decision. The parties will bind to resolve this dispute through arbitration before going to court of Law. The Arbitration shall be conducted at New Delhi and shall in English Language. The court of Delhi shall have the Jurisdiction.
